Commissioners' Report

To the Residents of Rye Beach Village District:

A new and highly efficient heating unit was installed in the Precinct building, replacing two of the old units which provided heat for the second floor. We now have more than sufficient capacity to provide heat for the Post Office area in the future, when that unit requires replacement.

We spent a lot of money on the exterior of the Precinct building, due to extensive wood rot found in the left (facing) column. This was causing the outside balcony to become a hazard. The condition extended into the balcony itself as well as that corner of the roof. There is still more to be done and that expenditure is in the 1998 budget.

Conversely, we spent very little money on sidewalk repair because, as evident on Central and Sea Roads, we had removed the broken sidewalk but were unable to pour cement any time after the early November snow storm and the extreme cold spell which followed.

It is the intention of the Commissioners to conduct a meeting, open to the public, on the first Monday of every month at 6:30 in the evening. A notice of the meeting will be posted and resident participation and input is encouraged. Likewise, the annual meeting is a public forum for your interests and concerns relating to the Precinct.

Finally, like the Energizer bunny, the Rye Garden Club keeps on going and going, for which we are truly grateful.

Respectfully submitted,

Betty Smith
Chairman of Commissioners

Board of Adjustment 1997

The Rye Beach Precinct Board of Adjustment met five times in 1997, to hear appeals to the Zoning Ordinance.

January 15, 1997 The Board granted a variance to Karin Finnigan and Anthony Jalbert, 160 South Road, for the construction of a two car garage, where a one car garage existed, which will have a side setback of 10 feet where 25 feet is required.

February 12, 1997 The Board denied a variance to The Friary of Rye, Inc., 890 Central Road (lot #1), for a building height of 38 feet where 35 feet is required.

April 16, 1997 The Board granted a variance to John and Evelyn Southworth, 2326 Ocean Boulevard, to allow the construction of a single family home within 70 feet of (but across Ocean Boulevard from) Eel Pond where 100 feet is required.

The Board denied the requests of: John and Evelyn Southworth, 2326 Ocean Boulevard; Carolyn O. Brown, 2316 Ocean Boulevard; and Louise Brown Oliver, 2306 Ocean Boulevard; to modify the conditions attached to their variances granted on December 14, 1994.

May 21, 1997 The petition of NYNEX, 694 Central Road, for a variance to construct a concrete slab mounted generator within its side and rear set backs was withdrawn by the petitioner in order to better evaluate the noise impact on the abutters.

June 18, 1997 The Board granted the requests of Carolyn O. Brown, 2316 Ocean Boulevard, and John and Evelyn Southworth, 2326 Ocean Boulevard, to modify the 20 foot setback on the easterly facing dormers, only on the north ends, (set as a condition of variances granted December 14, 1994) to a setback of 12 feet.

The Board granted a variance to Abeniqui Country Club, Central Road, for two signs in aggregate over four square feet each where there is a limit of one sign per property and four square feet is the maximum. One sign at the main drive entrance to the clubhouse, the other at the tennis facility.

The Board of Adjustment meets (when requested) on the third Wednesday of each month. Applications and supporting materials shall be submitted 21 days beforehand.

Respectfully submitted,

Frank A. Drake
Chairman

Zoning Administrator
